

Requests Border Inquiry

Syria Asks Assembly Of UN to Establish Commission to Study Syria-Turkey Crisis

UNITED NATIONS, N. Y. (AP)—Syria formally called on the U.N. General Assembly to establish a seven-nation fact-finding commission to investigate the Syrian-Turkish border crisis.

The Syrian proposal provides that the commission go at once to the area and make a preliminary report within two weeks of the date the assembly acts.

Diplomatic quarters expressed doubts that such a resolution could get the two-thirds majority required for approval.

A rival resolution, supported by the United States, was expected to be put in quickly with a proposal that U.N. Secretary General Dag Hammarskjöld be asked to investigate the problem.

Under terms of the Syrian resolution, two of the seven commission members would be named by Syria, two by Turkey and the other three by common consent of the two governments.

The proposal also contains a provision that the new body would be empowered to investigate the situation on both sides of the Turkish-Syrian border.

Syria has charged that her security is threatened by troop concentrations on the Turkish side.

Sir Leslie Munro, president of the General Assembly, earlier said he is willing to try and solve the Turkish-Syrian problem through private talks.

The blunt-spoken diplomat from New Zealand, who is presiding over the bitter Middle East debates, said in an interview yesterday that he—like his predecessors in the top assembly post—is ready to go outside the meeting halls to aid in solving problems facing the world organization.

In the present crisis, he asserted, "quiet diplomacy can play an important role," and the Assembly president can help by conferring privately with the "principal protagonists and discussing the problem with them."

"I am willing to take part in any way I can," Munro declared. Munro, known for usually saying what he thinks, refrained from taking sides on the Middle East controversy.

He said he feels it is imperative for the president of the Assembly to build up a reputation for impartiality, fitting him for taking part in "quiet diplomacy" on issues before the U. N.

Munro pointed out that he had met privately with delegates from some of the nations involved in the Middle East dispute, including Syria and the Soviet Union, in arranging for the Assembly to take up the issue.

He said the Syrian-Turkish issue must be kept apart from other Middle East problems. The most pressing, he said, are the Palestine refugee problem, the future of the U. N. emergency force and the financing of the Suez Canal clearance.

CMSC Is Given Loan To Build Dormitories

Central Missouri State College, at Warrensburg, will receive a loan of \$630,000 from the Community Facilities Administration, Commissioner John C. Hazeltine announced Wednesday.

With the federal loan and \$315,000 of the college's own funds, additions to two existing dormitories will be built. One will provide housing for 192 women students, the other for 120 men students.

Tickets for Banquet Are Still Available

Tickets for the Chamber of Commerce Banquet which will be held Nov. 7, at Smith-Cotton Cafeteria may still be secured at the Chamber of Commerce office. Because of the limited space only 600 tickets have been printed.

Business firms wanting to contribute items for the loot bags are asked to notify the Chamber office.

Concordia School Bond Issue Is Voted Down

CONCORDIA, Mo. (AP)—A third attempt at obtaining funds for additional facilities at Concordia High School failed yesterday in a special election.

A \$250,000 bond proposal failed by 30 votes to get the necessary two-thirds majority. A \$185,000 proposal was voted down in November 1955 and a \$190,000 issue was rejected in May 1956.

National Recognition for Sedalia

Sound Film on Children's Center Will Be Seen at Palsy Convention

The city of Sedalia will receive national attention this week at the Eighth National Convention of United Cerebral Palsy, which will be held in St. Louis. A 25-minute colored movie with sound entitled "Every Child Has a Right" will be shown to the convention. This movie shows a graphic story of

the local Crippled Children's Center. Sedalia has been cited on numerous occasions by various welfare, health and educational organizations as having the answer to the handicapped child problem. Since many requests have been made of the local Crippled Chil-

dren's Center officials to present programs concerning the operations of the center, the local board decided to have a movie made of its entire program.

"Every Child Has a Right" was filmed by Edward I. Zalin, local businessman. Working with a team of staff members of the center, including Mrs. Rudolph Swope, director, Leon K. Whitney, speech therapist, and Walter Gualt, physical therapist, Bill Hopkins, director of publicity for the center, compiled the continuity for the narrative description used in the sound.

Securing the volunteer services of Joe Allen, local sound technician, and Jimmy Glenn, a radio announcer, all sound was "dubbed" in the film through the use of a recorder, with Allen handling the technical aspects of the film while Glenn did the narration.

Several hundred people at the United Cerebral Palsy convention in St. Louis will view the film this weekend. The convention is being held on Nov. 1-3. Harold Barrick, a member of the board of directors at the center, and Mrs. Swope will present "Every Child Has a Right" to the group either Friday or Saturday.

Sedalia's part on the national program came about after it was learned the local organization of UCP had spearheaded the local Crippled Children's Center about two years ago. Since that time, the center has incorporated into an organization headed by a number of civic-minded organizations and individuals. The center is non-profit, and the film was made at bare minimum costs.

Virginia Flower, president of the local center, advised today that the movie, "Every Child Has a Right," will be available to all service and community organizations in the Sedalia area for programs by calling Mrs. Swope at the Crippled Children's Center at 7091.

Bartle Trying To Restore Negotiations

KANSAS CITY (AP)—Mayor H. Roe Bartle indicated he would try today to bring together the two sides in a strike of meat cutters which has closed 80 per cent of the supermarkets in Greater Kansas City.

The mayor telegraphed industry and union representatives late yesterday, appealing for a resumption of negotiations. He also offered to name a panel from which the parties could select arbitrators.

Both sides indicated a willingness to meet with the mayor to discuss strike issues. Both also expressed hesitation about submitting the dispute to binding arbitration.

Bartle, who is a director of the Milgram Stores, one of the chains being struck, said he probably would meet with each side separately before trying to bring them together.

The meat cutters struck last Friday after working without a contract since Oct. 1. The key issue is a demand by the cutters for a limit on the amount of work they do. C. H. Nothnagel, executive secretary of the Amalgamated Meat Cutters and Butcher Workmen Local 576, said the limit would be achieved by a provision that payrolls be equal to 8 1/2 per cent of the store's meat department gross. He said the demand is justified by a trend toward prepackaging which he claimed has loaded more work on fewer butchers.

Store owners contend the union demands, in effect, that no employee process more than \$25 worth of meat an hour. "We won't let the union tell us how much a man is going to produce," Harold Audsley, the industry's chief negotiator, said.

Present pay scales range from \$47.50 a week for female apprentices to \$95 a week for journeymen meat cutters. The union said management has offered increases scaled to a top of \$7 for journeyman males over a two-year period.

Present pay scales range from \$47.50 a week for female apprentices to \$95 a week for journeymen meat cutters. The union said management has offered increases scaled to a top of \$7 for journeyman males over a two-year period.

New Chamber Officers Election on Thursday

The Chamber of Commerce board meeting will be held at 3 p.m. Thursday in the Chamber board room.

This is the final meeting of the year for the old board and the first meeting of the new board and the election of officers will be conducted then.

No Identification Possible

Strange Orange Light In West Causes Stir Tuesday Night

What was that strange light in the western sky of Sedalia Tuesday night?

We may never know, but it won't be because Whiteman Air Force Base didn't try to solve the mystery.

A group of Sedalia high school youths in front of the home of Bill Booth on 16th Street Road west of the Pittsburgh-Corning glass factory noticed the light at about 7:30 p. m. and wondered about it. Leland Payton, one of the group, described it as being orange and much brighter than any star, and it was just over the horizon to the southwest, in the direction of Green Ridge.

The group first telephoned Russell Maag, local amateur astronomer, who said he thought it might be a flare of some kind.

Booth's mother then telephoned the air base and talked to Maj. Clifford C. West, 48th Squadron operations officer. Several base planes were flying in the area at the time and Maj. West asked for a check to see whether any such light could be spotted from the air.

The light was not visible, nor could the control tower see it. Maj. West said that it was difficult to estimate the height of a light in the sky, especially for anyone not accustomed to making such an estimate. He said that the air base is interested in checking any such reports but that usually it is a difficult thing to pin down the location from the descriptions of witnesses.

Shortly after the telephone call, the boys returned outside in time to see the light dip down and disappear. They also heard the sound of two airplanes, one jet and one propeller-driven. Later, the light rose up for awhile and then disappeared again.

Ike Hopes All Federal Troops Can Leave Soon

WASHINGTON (AP)—President Eisenhower said today he devoutly hopes and prays that all federal troops can be removed from Little Rock soon.

At the same time Eisenhower said he has been looking for some time for the right men to name to the Civil Rights Commission created in a bill passed by the last Congress.

Eisenhower told his news conference he believes such a commission could go a long way toward easing the tensions raised by the school integration controversy in Little Rock.

Eisenhower said the situation seems to be improving in Little Rock, where he sent federal troops after mobs had forced the withdrawal of Negro students from Central High School there.

Without any reference to Gov. Orval Faubus of Arkansas, who has criticized the troop action, Eisenhower said he devoutly hopes and prays that there soon can be removal of all federal troops from Little Rock.

Her Adventure Is Over

FREEDOM ENDED—“Siam,” a two-and-one-half-ton escaped circus elephant which eluded searchers for 13 days, seems to be getting the last laugh after being captured in the densely wooded Catskill mountains at Cairo, N. Y. (NEA Telephoto)

Young People Will Solicit UNICEF Help

Each Halloween sees most of our children, dressed in their spookiest, best, ringing doorbells and playing tricks. Last year a million and a half children, from Florida to Alaska, from Hawaii to Puerto Rico, went through the same excited preparations — but with a difference. Instead of asking for treats for themselves, they were collecting treats for the United Children's Fund. And they succeeded — to the tune of more than three-quarters of a million dollars.

Again this year the young people from a group of Sedalia churches are going to take part in this unselfish "Trick or Treat" program. They will be collecting coins for UNICEF which is the United Nations Children's Fund, tomorrow, the night before Halloween.

This fund provides such essentials as powdered milk, vaccines and antibiotics for needy children around the world. Five cents will cure one child of yaws in Africa. Five cents will protect ten children from tuberculosis in Chile. Five cents will also provide one hungry child in India with 10 bowls of rice.

Each group of young people will meet at their own church for instructions and materials. Each solicitor will be identified by an orange colored UNICEF tag. The canvassing will take place between 6 and 7:30 p.m.

Seasonal Increase In Non-Farm Jobs

JEFFERSON CITY (AP)—Missouri had 1,296,800 workers in non-farm jobs during September—8,900 more than August and 2,300 more than a year ago.

Gordon P. Weir, state director of employment security, said today the increase was mainly seasonal, reflecting a pickup in retail trade and the re-opening of the schools. Total factory employment dropped 500 during the month but non-manufacturing gained 9,400.

Extra Chance

This respite from the chill of autumn is welcome to those who realize now that there are still some cold-weather preparations to make around the house.

Fair and mild with little change in temperature tonight and Thursday. Low tonight in mid 40s. Highs Thursday in upper 40s.

The temperature at 7 a. m. was 40; 65 at 1 p. m. and 66 at 2 p. m. Low Tuesday night 38.

The temperature one year ago today, high 73, low 58; two years ago, high 54, low 35; and three years ago, high 47, low 29.

Stage at the Lake of the Ozarks 58.9 feet, up .1 of a foot.

LEAVES PROTOCOL DIVISION—Victor Purse, State Department Protocol Officer who was reprimanded over a \$3000 gift automobile from Arabia's King Saud, removes belongings from his desk in his office in the Department's Protocol Division in Washington. (NEA Telephoto)

Selection of Four Nike Missile Sites Is Expected Shortly

KANSAS CITY (AP)—Selection of the exact sites of four Nike guided missile sites in the Kansas City area is expected to be made within the next few days.

Col. Leslie Staub, commander of the 4th Army Air Defense Command at Richards-Gebaur Air Force Base, said yesterday plans for the four sites have been approved. Army engineers will select the sites for the installations near Ft. Leavenworth and Gardner in Kansas and Pleasant Hill and Excelsior Springs in Missouri.

Will Attempt To Head Off Transit Strike

KANSAS CITY (AP)—Daniel C. Rogers, chairman of the Missouri State Mediation Board, called a meeting for 2 p.m. today in an effort to head off a Kansas City transit strike threatened at midnight tomorrow.

There was some doubt whether the meeting would be attended by representatives of the transit workers union—Local 1287 of the Amalgamated Assn. of Street Electric Railway and Motor Coach Employees of America. The negotiating committee of the union will decide whether to accept Rogers' invitation to meet with him and representatives of the Kansas City Public Service Co.

Loren Hargus, president of the local, said the union's hesitancy stemmed from a belief that the state's King-Thompson Act is unconstitutional. The act empowers the state to seize and operate a public utility in the event a strike is deemed to threaten the public welfare.

Yesterday Local 1464 of the International Brotherhood of Electrical Workers filed a suit in U.S. District Court in Jefferson City challenging the constitutionality of the act. The act was used as the basis for state seizure of the Kansas City Power & Light Co. last Aug. 26 after it was struck by Local 1464 and two other electrical workers' locals.

The Public Service Co operates Kansas City's buses and trackless trolleys. The transit workers have served notice they will strike at midnight tomorrow, when their contract with the company expires, if a new agreement is not reached.

The issues blocking a settlement have not been disclosed.

Smith-Cotton-Raytown Game Cancelled by Flu

The football game Friday night between the Smith-Cotton Tigers and Raytown has been cancelled, according to Coach Ralph "Stub" Dow. The coach said that too many players were out because of flu.

We've Got a Lot to Learn

Famed Scientist Not Optimistic About US Besting Reds in Space

CAMBRIDGE, Mass., Oct. 30 (AP)—Dr. Vannevar Bush, famed scientist, said today he is not optimistic about the United States overtaking the Russian lead in outer space scientific development.

The director of the World War II office of scientific research and development, under which the atom bomb was developed, gave that answer to the question, "Are you optimistic about our catching up?"

"We've got a lot to learn," he said in an interview with the New Bedford Standard-Times at Massachusetts Institute of Technology. "We've got to tumble to our

Ike Plans To Attend NATO Meet

Leaders of 15 Other Nations Are to Attend

WASHINGTON (AP)—President Eisenhower said today he plans to attend the mid-December NATO Council meeting in Paris—assuming a majority of the heads of the government of the other 14 member nations also attend.

Eisenhower told a news conference he would like very much to visit England on the same trip but does not know whether he will be able to.

Eisenhower's statement that he wants to go to the Paris conference amounted to assurance that he will attend the meeting. Earlier in the day the North Atlantic Treaty Organization announced in Paris that the heads of government of the 15 member nations would attend.

The idea of Eisenhower, British Prime Minister Harold Macmillan and the other NATO chiefs of government attending the Paris conference was first broached last week during the Eisenhower-Macmillan talks here.

In reply to questions today, Eisenhower said that at the Paris session he hopes he and the others attending will be able to awaken interest in common problems facing the free world.

He did not say so specifically, but he obviously had in mind such recent developments as Russian progress in the ballistic missile field and the Soviet launching of an earth satellite.

In his news conference remarks, Eisenhower placed great importance on what he called the NATO concept of collective security and defense. He and Macmillan already have reached preliminary agreement to pool Anglo-American scientific resources in an effort to overtake and surpass Russia.

B47 Bomber Crash Kills Two Fathers

SALINA, Kas. (AP)—Two women were widowed and seven children left fatherless yesterday by the crash of a B47 bomber on a farm 18 miles southwest of here.

The crash killed Capt. Bernard Rinebold, 33, of Macedon, N.Y., and Capt. Harold Horry of Wichita Falls, Tex.

The only other person aboard was Capt. Bobby Hodges, 35, of Okolona, Miss., plane commander. He parachuted and escaped with multiple bruises.

Rinebold left a wife and two children and Horry a wife and five children. All live in Salina.

The cause of the crash was not known. The plane was based at Schilling Air Force Base and had been in the air about an hour on a routine training flight, the Air Force said.

Sedalia Buys Parking Sites

Six Pieces of Property Cost a Total of \$95,500

The City of Sedalia completed transactions Tuesday for six pieces of property that will be used in the parking lot program at a total cost of approximately \$95,500.

The City Council voted on August 5 to sell revenue bonds in the amount of \$350,000 to purchase parking lot sites. The action was taken under a 1955 amendment by the state legislature which was upheld by the Missouri Supreme Court.

Bond Issue Briefing

The retail merchants of Sedalia were invited Wednesday by Mayor Julian H. Bagby to attend a briefing session at 2 p.m. at City Hall. They were to be told about the need for passage of the proposed \$1,150,000 bond issue for a municipal center building and two new fire stations. They were to be taken on a tour of the present facilities.

Post Office At Air Base Is Dedicated

Keys Are Presented Postmaster Hogan In Brief Ceremony

The newly remodeled quarters for the Whiteman Air Force Base post office was turned over to Maurice F. Hogan, Sedalia postmaster by Col. Richard W. Kline, base commander, Wednesday morning in a brief ribbon cutting ceremony.

Col. Kline gave the keys to the postmaster and then handed him the scissors to cut the tape signifying the official opening at the new location. The ceremony was witnessed by CWO-2 Earl P. Baker, base postal officer, Raymond Warbritton, clerk from the Sedalia post office and in charge of the Whiteman postal branch, and Mrs. Florence W. Kendrick, assistant clerk to Warbritton and the Knob Noster correspondent for the Democrat-Capital.

The base postal facilities are now housed in Building T-428 on the corner of Fourth Street and Vandenberg Drive. The new lobby, carrier work room and service counter were designed by Postmaster Hogan. They are styled after the new look in modern post offices without the familiar counter to ceiling screenline, which give the appearance of a modern bank-type installation. The arrangements present a more spacious, better-lighted open counter for more efficient service to postal patrons.

The postal branch is open Mondays through Fridays from 8:30 a.m. to 1:30 p.m., 2 p.m. to 5 p.m. With the exception of Postal Savings all financial transactions that are made at the main post office are available to base personnel.

On Nov. 2 the Sedalia post office will inaugurate city delivery service to the personnel living in the new on base housing area. Freeman F. Mark, city carrier from Sedalia, will make the deliveries. All mail, both official and personal for airmen and their families living on base is handled by the Sedalia post office. The official address is Whiteman Air Force Base, Missouri.

Inside Stories

Adults laugh at the dreams of teenagers, but read what might happen if teenagers knew the dreams of adults in Hal Boyle's column on Page 12.

A citizens committee was named to select sites and make negotiations. The sites were chosen according to recommendations of Traffic Associates of St. Louis.

Property purchased included part of a lot from Callies Furniture Co. in the 100 block on East Main at a price of \$3,000; part of a lot in the same area from Grace E. Spencer at a price of \$11,000; two lots and part of another at Third and Osage from the Sedalia Bank and Trust Co. at a price of \$32,500; one and a half lots on the southeast corner of Main and Lamine from Charles F. and Mildred Dowdy at a price of \$15,000, and the Fifth Street Methodist Church and adjoining house at a price of \$34,000 from Earl Thomas.

Traffic Associates made a survey of parking in the city in order to obtain information as to most crowded areas, frequency of cars being moved and other data.

Off-street parking was first recommended by Hare and Hare in a city planning report several years ago.

Angle parking and parking on one side of some narrow streets will be eliminated when the parking lot program is complete. Insurance firms have determined that angle parking is hazardous and, therefore, it contributes to higher insurance rates.

The revenue bonds to finance the parking lots will be paid off from revenue obtained from parking meters. The sale of the bonds will not effect the tax rate in any way.

All metered lots will be lighted the same as streets for the public convenience and to keep down theft. Modernization of traffic signals on Ohio is also an integral part of the program to provide a smoother flow of traffic.

Nine off-street parking areas will be in operation when the program is complete. Four of these will be ready for the city to purchase as soon as bond money is received. Some of the areas will have obtained through condemnation proceedings and others are in the negotiation stage.

The nine off-street parking areas will be at Main and Kentucky, Third and Osage, Third and Lamine, Fourth and Lamine, Fifth and Osage, Main and Lamine, Main and Massachusetts, Second and Kentucky, Lamine and Pacific. In three of these areas there will be expansion and improvement of city-owned property.

At Fourth and Lamine, the city is negotiating for property that is now a Tydol service station. This property would provide expansion of a city lot to the east of it. Lighting improvements will be added to the present city lot at Second and Kentucky and the area around the water tower will be made into a parking lot.

Other locations, Main and Kentucky, Third and Lamine, Main and Lamine, and Lamine and Pacific, will be obtained either through negotiation or condemnation.

In the end result the Council hopes to have more parking space, provide more parking for those who will be in the shopping area for a short time and eliminate traffic hazards.

Members of the committee are Carleton Kelly, Philip McLaughlin, Harry Naugel, E. C. Martin, E. H. McLaughlin, Harry Moore and W. W. Garrison.

Says Department Bills Will Be Paid on Time

WASHINGTON (AP)—The Defense Department will pay its bills when they come due—apparently even if it breaks through its \$3 billion dollar spending ceiling for the year.

Secretary of Defense McElroy blamed an "apparent misconception" for reports of delayed payments and said last night the Army, Navy and Air Force should "make it clear they will of course pay bills as they fall due under the terms of contracts" with suppliers of equipment.

His memorandum was addressed to the secretaries of the three services. Its phrasing indicated that the "misconception" may have been on the part of the military services. By far the greatest proportion of defense contracts are those of the Air Force.

Sues for Injuries From A Pogo Stick Ride

PROSSER, Wash. (AP)—A suit seeking \$11,300 damages for injuries allegedly suffered in a fall from a pogo stick was filed in Superior Court at Prosser.

Mrs. Loin E. Hicks of Richland, Wash., brought the action Monday against Mr. and Mrs. Marion Lee, also of Richland. Mrs. Hicks claims she suffered a ruptured disc and other injuries when she fell from a pogo stick at the Lee home Sept. 11, 1955.

Mrs. Hicks said in the suit the "pogo stick was defective and had a worn rubber tip."

She said she was invited to use the stick which belonged to the Lee children.

Mrs. Hicks asked \$10,000 general damages and \$1,300 special damages.

Chiang Kai-shek Will Observe 71st Birthday

TAIPEI, Formosa (AP)—President Chiang Kai-shek will celebrate his 71st birthday tomorrow, probably with only a short rest from his usual 12-to-14-hour working day.

Top man in the Republic of China since Sun Yat-sen died in 1925, Chiang still carries a heavy burden of leadership. In many ways his daily tasks are tougher than when the Nationalists ruled the mainland.

He leads an administration which governs about 10 1/2 million Chinese on Formosa and commands the loyalty of millions more overseas.

More commands 600,000 fighting men, a force rated better in equipment, training, firepower and morale than any of the armies he had before the 1949 retreat to Formosa.

And he has undertaken the difficult task of encouraging Chinese on the mainland to resist their Communist government, promising and planning for a nationalist return.

Despite his age—71 tomorrow by Chinese count, 70 by Western calculation—Chiang still works far longer hours than do most of his subordinates.

Grandson of Noted Bandmaster Divorced

LOS ANGELES (AP)—John Philip Sousa III, grandson of the noted bandmaster, "wanted freedom to come and go as he pleased," his wife testified in obtaining a divorce.

The decree was granted yesterday after Mrs. Dorothy LaFollette Sousa informed Superior Judge Harold P. Huls: "Mr. Sousa told me many times he never should have married."

YOUR CHILD MAY HAVE PIN-WORMS
1 OUT OF 3 DOES!

Fidgeting, nose-picking and a tormenting anal itch are often tell-tale signs of Pin-Worms. Only parasites that medical experts say infect one out of every three persons examined. Entire families may be victims and not know it.

To get rid of Pin-Worms, these pests must not only be killed, but killed in the large intestine where they live and multiply. That's exactly what Jayne's P.W. Tablets do... and here's how they do it:

First—a scientific coating carries the tablets into the bowels before they dissolve. Then—Jayne's modern, medically-approved ingredient goes right to work—kills Pin-Worms quickly and easily.

Don't take chances with this dangerous, highly contagious condition. Get genuine Jayne's P.W. Vermifuge... small, easy-to-take tablets... special sizes for children and adults. Perfected by Dr. D. Jayne & Son, specialists in worm remedies for 100 years.

W. D. Smith Observe 60th Anniversary

It will be a quiet day, nothing at all special, but Mr. and Mrs. W. D. Smith are observing their 60th wedding anniversary at their home, 405 West Fifth, Wednesday, Oct. 30th.

Sixty years—that is a long time. Nothing very exciting about their lives, said Mrs. Smith, but they have been happy years.

Growing up in the same community, just a half a mile apart, they went to school together. He must have liked her from the start because everybody teased her about him and she got to the place where she just didn't like him at all. But W. D. was a persistent sort, he kept on until she reached the age when she didn't mind being teased so much about boys, around about 17 and then tried. No wonder he ended up in the insurance business, he must have always been able to do a super salesman job, because he sold her on himself and married her. That's doing pretty good when she didn't like him.

At the time they were married in Trenton, 60 years ago, Mr. Smith was a teacher. As principal of the school he got the big salary of \$40 a month and owned a horse and rig, he said. They went to Kansas City on their honeymoon and ate on the train. The dinner for the two of them cost \$1.50, and, he said, you couldn't buy it now for \$10.

Mr. Smith was a commissioner to the World's Fair in San Francisco and they lived there 11 months.

They came to Sedalia in about 1921 when he was appointed secretary of the Missouri State Fair. After serving several years as secretary he went into the insurance business here and still is in that business.

Mr. and Mrs. Smith have one son, Dewey, a granddaughter, Barbara, who is Mrs. Robert Riley and two great-grandchildren.

Both of them think young, act young and stay young. He takes care of his insurance business and she takes care of her house. He likes flowers and has many beautiful varieties during the growing season. She likes flowers, too, but she doesn't like to work in them, she likes to dig the dirt in the house, she says, and he likes to dig the dirt outdoors.

Epsilon Beta Makes Plans to Have Float in Christmas Parade

Mrs. Guil Flores Jr., 1703 West Fourth, entertained members of Phi, at her home Monday night. Mrs. Bill Arnold and Mrs. C. R. Broyles were co-hostesses.

Preceding the business meeting Mrs. Dorothy Lyles presented the program on "Jewelry." Mrs. Richard Flippin conducted the meeting at which time plans for the Christmas parade float were discussed. Mrs. Marchea Klang is chairman of the float committees. The bazaar which will be held Nov. 21 at Horace Mann School was also discussed. The proceeds will be used for the Christmas party and gifts for Buena Vista. Mrs. Flores, service chairman, appointed the following committees: door prize, Mildred Sutherland and Ida Rymer; decorations, Betty Rose Thompson, Laura Beatty and Joan Insko; tables, Marchea Klang and Bonnie Schumaker; chairs, Barbara Doty and June Harmon; tickets, Jane Wadleigh; soft drinks, ice and paper cups, Carolyn Crouch, and Marge Stephens; coffee, do-nuts and carts, Nadine Fingland and Charlotte Cordry; check stand, cards and score pads, Dorothy Lyles and Delores White.

It was also announced that Phi Phi and City Council plan to have booths at the bazaar. Phi Phi is a Nu Phi Mu chapter of Beta Sigma Phi.

Refreshments were served at the conclusion of the meeting by the co-hostesses.

Mrs. Delores White, Society Editor

Circle Leader Is Reelected for Year

Mrs. Walter Brown was hostess to the Martha Circle of the Green Ridge Presbyterian Church, Thursday afternoon, Oct. 24, at her home in Green Ridge.

Mrs. Carl Johnson opened the meeting with the 100th Psalm repeated in unison.

The program was in charge of Mrs. Edna Ryan and Mrs. Royal Ragar. They each had a chapter of "United Nations and Us", from which they presented the lesson.

Mrs. Johnson was re-elected circle chairman for 1958.

As a project for the bazaar which will be held Nov. 11, the Martha Circle will make stuffed toys to sell and will meet at the home of Mrs. Johnson to make them.

The November meeting will be held at the home of Mrs. Edna Ryan, with Mrs. Carl Johnson in charge of the lesson.

The meeting closed with a benediction after which refreshments were served. Mrs. John Sanders of Sedalia was a guest.

Miriam Circle Meets At Butterwick Home

Mrs. John Butterwick was hostess to the members of the Miriam Circle of the Green Ridge Presbyterian Church Thursday afternoon, Oct. 24, at her home northeast of Green Ridge.

Mrs. A. M. Kendrick opened the meeting by reading the 46th Psalm. She also read an interesting article, "Learning How to Forget." Mrs. Clarence Mahin reported the Seafarers Packet had been sent to National Missions at Porto Rico in Central America.

Mrs. Earl Hinken announced the bazaar and chicken pie supper which will be served Monday night, Nov. 11. She also presented an interesting program from the study book, "The United Nations and Us."

In conjunction with the lesson, Mrs. Harvey Wadleigh gave a short sketch of Pakistan. Mrs. L. H. Wadleigh told about the country of Burma and Mrs. J. M. Palmer gave a short talk about the people of India.

Refreshments were served during the social hour.

Mrs. Mary Johnson will be hostess at the November meeting.

Berenice, an Egyptian port on the Red Sea, was founded in 285 B. C.

Langs To Hold Open House

Mr. and Mrs. Paul M. Lang Jr., 1617 East Sixth, will hold open house from 2 until 4 Sunday afternoon, Nov. 3, in honor of their 25th wedding anniversary. They were married Nov. 6, 1932.

United Nations Is Program Subject

Mrs. Bill Hand, assisted by Mrs. Ezra Inselman, was hostess to the members of the Ruth Circle of the Green Ridge Presbyterian Church, Thursday afternoon, Oct. 24, at her home in Green Ridge.

Mrs. Glen Morrow opened the meeting by reading a short article, "Thinking It Over" and a prayer.

Mrs. Albert Upton was in charge of the lesson study, "United Nations and Us".

Mrs. R. A. Stark and Mrs. H. H. Ream will be hostesses at the November meeting.

Refreshments were enjoyed at the conclusion of the meeting.

Plane Strikes Mountainside; 16 Are Killed

FLAGSTAFF, Ariz. (AP)—All 16 men aboard apparently were killed when a four-engine Air Force tanker smashed into a steep and remote northern Arizona mountainside yesterday.

The only authorities to reach the charred wreckage reported finding eight bodies and no sign of life. A thorough search for additional remains was begun today.

The Air Force said the plane, a KC97 on a routine flight from Walker AFB, N.M., was carrying 16 men but did not identify them. The tanker plowed into the sheer side of Gray Mountain, about 40 miles east of the Grand Canyon site where 128 persons died in the crash of two airliners in July 1956.

An explosion was heard shortly after the plane was reported seen flying low over a nearby trading post. Reporter Bill Deaver of the Flagstaff Arizona Daily Sun, who reached the foot of the bluff shortly before darkness halted rescue operations, said a wide area around the wreckage was burned off.

The peak of the mountain, an ash-covered dead volcano, rises about 7,000 feet above sea level and 1,000 feet above surrounding terrain. The plane hit about half way up.

Sheriff Cecil Richardson of Coconino County said the tragedy apparently occurred between 9 and 10:30 a.m., but it was mid-afternoon before the wreckage was sighted.

Mrs. Vivian Stanfill, operator of nearby Gray Mountain Trading Post on the Navajo Indian Reservation, said she saw a big plane flying very close to the ground shortly after 9 o'clock. Harry Singer, who lives 10 miles west of Gray Mountain, said he also saw the plane and, a few minutes later, heard an explosion.

Visibility at the time was given as 10 to 15 miles, and a heavy fog covered the ground in the area.

Singer went to the scene, saw the wreckage and drove to Tuba City, Ariz., to report the crash.

Two Tuba city policemen climbed the bluff and signaled that they were unable to find any survivors. They said they saw eight bodies.

Three Cities Under Simulated Bombing Attacks

FORT WORTH, Tex. (AP)—Atlanta, Kansas City and St. Louis come under simulated bombing attacks today in the ninth annual navigation and reconnaissance competition of the Strategic Air Command.

Twenty heavy bomber teams will fly their missions from Carswell Air Force Base at Fort Worth. Sixty-six SAC medium bombers and four Royal Air Force crews in two of Britain's hot new jets will operate from Pinecastle Air Force Base in Florida.

Half the competitors will drop their first mock bombs today, the others tomorrow. The exercises end Nov. 5.

It will be the last such contest for the B36, the first intercontinental bomber. That one-time monster of the skies will be retired from competition "without ever having fired a shot in anger," as one Air Force officer phrased it.

Five B36s and five B52 jet bombers will set out each day from Carswell. The medium bomber crews from Pinecastle will fly B47 and RB47 jets.

RAF personnel will man the Vulcan, the world's largest delta-winged craft, and the Valiant, a four-engine jet medium bomber. Their make-believe bombs will consist of radar beams directed at designated buildings.

About Town

Mr. and Mrs. E. C. Kells, Brinkley, Ark., have returned home after visiting her mother, Mrs. John Wood and Mr. Wood, 801 North New York, her son, Robert K. Morris, grandmother, Mrs. Mattie Conser and Dr. and Mrs. D. H. Robinson, all of Sedalia.

Francisco Santander, who succeeded Simon Bolivar as president of Colombia, was an exile in New York in 1832 when news of his election reached him.

OBITUARIES

Mrs. John E. Green

Mrs. John E. Green, the former Anne Gentry Skinner, died unexpectedly at her home in Houston, Tex., Tuesday morning, Oct. 29. She was the daughter of the late J. R. Skinner and Betty Gentry Skinner. Her husband, John E. Green, chief attorney for the Gulf Oil Co., preceded her in death a few years ago.

She is survived by three cousins; Thomas Warren Cloney II, Sedalia, Mrs. Caroline Shelton, New York, and Richard Shelton, St. Louis.

Funeral services will be held in Houston, Tex., on Thursday.

Tonya Peterson Services

Funeral services and burial of Tonya Peterson, 4, daughter of Mr. and Mrs. Peter Peterson, who had been staying at Hotel Bothwell, who died Monday morning at Bothwell Hospital, will be conducted at Glenwood, Minn.

Dr. Pete Siegel was called to attend the child Monday morning and stated that according to his best information she had received no previous medical attention and that he was unable to determine immediately whether the pneumonia condition developed as a result of a possible "flu" condition that is now so prevalent and widespread throughout the country.

Death of the child was attributed to bronchial pneumonia. The body was at the McLaughlin Funeral Chapel and was sent to Minnesota Monday night.

Charles W. Rothgeb Services

Funeral services for Charles W. Rothgeb, general contractor who died at Bothwell Hospital Monday morning, were held at 10:30 a.m. Wednesday at the Gillespie Funeral Home. The Rev. D. Warren Neal, pastor of the Broadway Presbyterian Church, officiating.

With Mrs. Mae Moser at the organ, Russell Maag sang "Abide With Me" and "Sometime We'll Understand."

Burial was in New Lebanon Cemetery.

Mrs. Addie May Karrikk Rites

Funeral services for Mrs. Addie May Karrikk, 77, 1105 South Osage, who died at Bothwell Hospital Tuesday morning, will be at 2 p.m. Thursday at the Gillespie Funeral Home. The Rev. Harry Purviance, pastor of the First Christian Church, will officiate.

Mrs. M. O. Stevens, with Mrs. H. O. Foraker at the organ, will sing "In the Garden" and "The Old Rugged Cross."

Burial will be in Memorial Park Cemetery.

Thurman T. Hughes Services

Funeral services for Thurman T. Hughes, 49, 1818 South Brown, World War II veteran, who died at the Bothwell Hospital Monday afternoon, were held at the Ewing Funeral Home at 2 p.m. Wednesday.

The Rev. Harry Purviance, pastor of the First Christian Church, officiated.

Mrs. W. L. Lewis sang, "No Night There" and "Beyond the Sunset" accompanied by Mrs. Mae Moser at the organ.

Pallbearers were Kenneth Schradler, Cecil Hughes, Archie Hughes, Mike Hughes, Jimmie Gatewood and Sigal Hughes.

Burial was in High Point Cemetery at Hughesville.

Bernie D. Ferguson

Bernie D. Ferguson, former Sedalia, died at noon Sunday, Oct. 27, at Wheatley Hospital, Kansas City.

He was a foster son of the late Fred D. Ferguson, operator of the Ferguson Funeral Home many years.

He had been employed for about 20 years as a maintenance man at one of the Katz drug stores in Kansas City.

Surviving are: his wife, Mrs. An-

Revolt Ends Harmlessly At Hospital

MEDICAL LAKE, Wash. (AP)—Simmering unrest among criminally insane patients at the State Mental Hospital blew up into a dramatic nine-hour revolt that ended harmlessly last night for 36 hostages.

"It was all a misunderstanding and there will be no changes in the program," said Dr. Garrett, Heys, state director of institutions, in two radio broadcasts the rebels ordered him to make before they would give up.

Not until the inmates heard Heys' voice over their radios in the big maximum security building would they release the guards and turn over weapons.

Heys, who raced to Spokane, 15 miles away, in a state patrol car to make the broadcasts over a commercial radio station, didn't say enough in his first statement.

An inmate then asked by telephone that Heys also assure them that popular Dr. E. R. Hodgson would be retained as medical director of the security unit. Heys went across the street to another station and added a promise about Hodgson in a second broadcast.

Only minutes after Heys returned from Spokane, the inmates told the 17 guards on the night shift, waiting outside to get ready to come in, that the hostages would be released when they arrived at the door. They were.

The hostages came out the gate one by one and were greeted by tearful wives who had waited in the rain for hours, watching while state patrolmen unloaded rifles and shotguns from their cars for a possible assault, and waiting while Heys, Hodgson and Dr. G. Lee Sandritter, hospital superintendent, conferred with inmates inside.

Albert Hutchings, chief security guard at the building, resigned Monday at Heys' request and the inmates had read newspaper accounts of it. Heys said they apparently thought Hutchings' departure would change the treatment system.

Hutchings, dressed in civilian clothes, was called into the two-hour conference between inmate leaders and Heys at the request of Edwin Thomas, serving time for second degree assault and rape from King County (Seattle).

Hutchings walked alone into the building, waving at an occasional patient he saw in the building. Heys said he made "a very good presentation" and helped a lot. He didn't say he would be rehired and Hutchings said he wouldn't go back.

Thomas, identified by guards as one of the ringleaders, was also a member in the 1955 revolt at the State Penitentiary at Walla Walla. He has been here six months for psychiatric treatment.

"We were very well treated, played cards and listened to the radio after the first tension wore off," said Guard Roger Blue. "We were fed and weren't awfully worried."

Other released guards agreed that the inmates treated them well after herding them into rooms about 10:30 a.m. yesterday when two inmates pulled pieces of scissors on guard Kenneth Berger and took over. There were 154 inmates in the building at the time. The most dangerous were locked in a third floor wing with their guards from the beginning and took no part.

na Margaret Ferguson, Kansas City; a daughter, Pfc. Janet Ferguson, in service at Munich, Germany; and a sister, Mrs. Anna King.

Funeral services will be at 9 a.m. Thursday at St. Joseph's Catholic Church in Kansas City, the Rev. Alvin Deems to officiate.

Burial will be in a Catholic Cemetery at Kansas City.

The body is at the E. Sterling Bills Funeral Home, Kansas City.

Future Subscribers

Son, to Mr. and Mrs. Lester Meyer, Emma, Mo., at 7:21 a.m. Oct. 30 to Bothwell Hospital. Weight, six pounds, 5 1/2 ounces.

City Hospitals

BOTHWELL — Medical: Miss Debra Glover, 106 1/2 South Ohio; Ralph Schwab, Warsaw; Charles Brandhorst, Hughesville; Mrs. Thomas Keeney, 1329 West Main; Mrs. Sharon Elwell, Sweet Springs; J. F. Pressley, 609 South Engineer. Surgery: Woodrow Brown, 1904 South Ohio; Emil Sylvester, Sweet Springs.

Accident: Charles Cramer, 1414 East Tenth, fell from a scaffold while at work in an upstairs office at 314 South Ohio, fracturing a left heel. Dr. John Carlisle attended him, he being taken to the hospital in the McLaughlin ambulance.

Dismissed: Mrs. Leo Smasal, Route 1; Hayden Craig, 428 South Park; Mrs. Lorraine Boll, 725 East Fourth; Mrs. Mora Montgomery, Houstonia; Mrs. Cordelia Scott, Fairfield; Mrs. Mary Harms, Ionia; Mrs. Gerald Klein and daughter, Syracuse; Mrs. Larry Englund, 640 East 11th.

WOODLAND — Medical: Melvin McCown Jr., Route 4.

In Other Hospitals

C. R. Ellison, Smithton, recently underwent surgery at West Plains Hospital. Upon his dismissal he will go to the home of his son, Dr. J. R. Ellison, Thayer.

John Leftwich, injured seriously a week ago in an automobile accident at Dresden, may be very slightly improved, according to word from Research Hospital, Kansas City, where he is a patient. He was in an unconscious condition when taken there after first being at Bothwell Hospital, and has not yet fully regained consciousness.

Warmup With Rain Forecast for State

KANSAS CITY (AP)—Missouri is due for some warmup in the weather.

It will be fair in the northwest and west and partly cloudy in the southeast Thursday with lows to night generally in the 40s and highs in the 60s.

Temperatures through next Monday are expected to average two to four degrees above normal. Some rainfall is expected about Friday, averaging .20 to .40 in the northwest and between .50 and .75 in the southeast.

Lows in the state this morning were 36 recorded at Butler, Kirksville, Farmington and Springfield.

Conservation Agent To Be Jaycee Speaker

Conservation Agent Chester Vermaas will present the program at the regular meeting of Sedalia Jaycees at Pacific Cafe Thursday night. Airmen of the month from Whiteman Air Force Base will also be special guests.

Daily Record

Police Reports

S. A. Benware, 201 East Broadway, reported to police that two large chrome hub caps were stolen off of his car parked on Broadway.

Mrs. Cecil Oehrke, 304 East Fourth, reported to the police that thieves stole two large chrome hub caps off of her car parked in front of that address Monday night.

James Green, 219 West Fifth, reported to police that Saturday night, Oct. 26, between 7 and 9 p.m. someone stole a .25-caliber automatic from the glove compartment of his car while parked in front of 624 East 14th.

John H. Payne, St. Joseph, picked up by the police in Sedalia for driving a car while under the influence of intoxicating beverage, was released to the Sheriff Ben Markway, Jefferson City, in connection with a hit-and-run accident there Saturday. Payne was fined \$75 in police court in Sedalia on the first charge.

Alfred Rowlette, 1823 South Osage, reported to the police the fender skirts on his car were stolen by two youths about 12:05 a.m. Tuesday.

The rear door to the Zephyr Manufacturing Co., Second and Monticue, was found unlocked about 10:55 p.m. Tuesday. The manager was notified.

Police Court

S-Sgt. Bennie L. Williams, Whiteman AFB, charged with running a red light at Main and Ohio, forfeited a \$5 cash bond.

Five overtime parkers failed to appear in police court and their cash bonds of \$1 each were ordered forfeited and 42 others paid the 25-cent fee.

Eleven overtime parkers failed to appear in police court and their \$1 cash bonds were ordered forfeited. There were 35 others who paid the 25-cent fee.

Conservation Staff Believes US to Split Cost of Fire Control

JEFFERSON CITY — Spokesmen for the state Conservation Commission and operators of Missouri forest lands told a special research team this week the federal government should pay at least 50 per cent of the cost of forest fire control — instead of about 25 per cent.

Missouri is one of several states being checked by researchers for Battelle Memorial Institute of Columbus, Ohio.

Results of the study are to be made known later.

HEARING AID SPECIALIST

TO HOLD DEMONSTRATION OF THE FIRST COMPLETELY

INVISIBLE HEARING AID!

FRIDAY, NOV. 1st and SATURDAY, NOV. 2nd

9:00 A.M. TO 5:00 P.M.

BOTHWELL HOTEL, SEDALIA

NOTHING IN EAR! NO CORD! NO WIRES! NOTHING BEHIND EAR!

FOR THE FIRST TIME IN THE HISTORY OF HEARING AIDES . . . A COMPLETELY INVISIBLE HEARING AID! A BOON TO THE HARD OF HEARING WHO DON'T LIKE TO WEAR ANYTHING IN THE EAR. IDEAL FOR FOLKS WITH CONDUCTIVE LOSS.

NOBODY—BUT Nobody—CAN EVEN GUESS YOU WEAR A HEARING AID. ANOTHER BELTONE FIRST!

DON'T MISS THIS OPPORTUNITY. TWO DAYS ONLY. FRI., NOV. 1st, SAT., NOV. 2nd

IF YOU ARE NOT HARD OF HEARING, PLEASE SHOW THIS AD TO A HARD OF HEARING FRIEND OR RELATIVE.

Mr. Harry Brenner

Belton of Sedalia is pleased to announce that they have secured the services of Mr. Harry Brenner, Belton factory trained Hearing Aid Specialist, for a special two day FREE test and demonstration of the new Belton Invisible Ear. If you have a hearing problem, Mr. Brenner invites you to come in for a free hearing test and demonstration of the sensational INVISIBLE EAR hearing glasses. No obligation.

Mr. Joe Hugelmann

Mr. Hugelmann, Belton representative, is now located in Sedalia to provide the best in hearing help and service to our many Belton customers. He invites all of his customers and friends for a preview showing of the new Belton Invisible Ear. Just ask at the desk at the Bothwell for Mr. Hugelmann or Mr. Brenner.

Frank Sellers Wins First In Contest

Winners in the 1957 KCMO Meat Type Hog Club contest were announced at an award dinner held in the Golden Ox restaurant Wednesday night, Oct. 23, for top producers and leaders in the sponsoring organizations they represented.

This unique contest was sponsored for the first time this year by KCMO broadcasting in cooperation with various civic clubs throughout Missouri and Kansas; the Kansas City and St. Joseph livestock markets; Kansas and Missouri agricultural colleges; and the livestock associations in the two states.

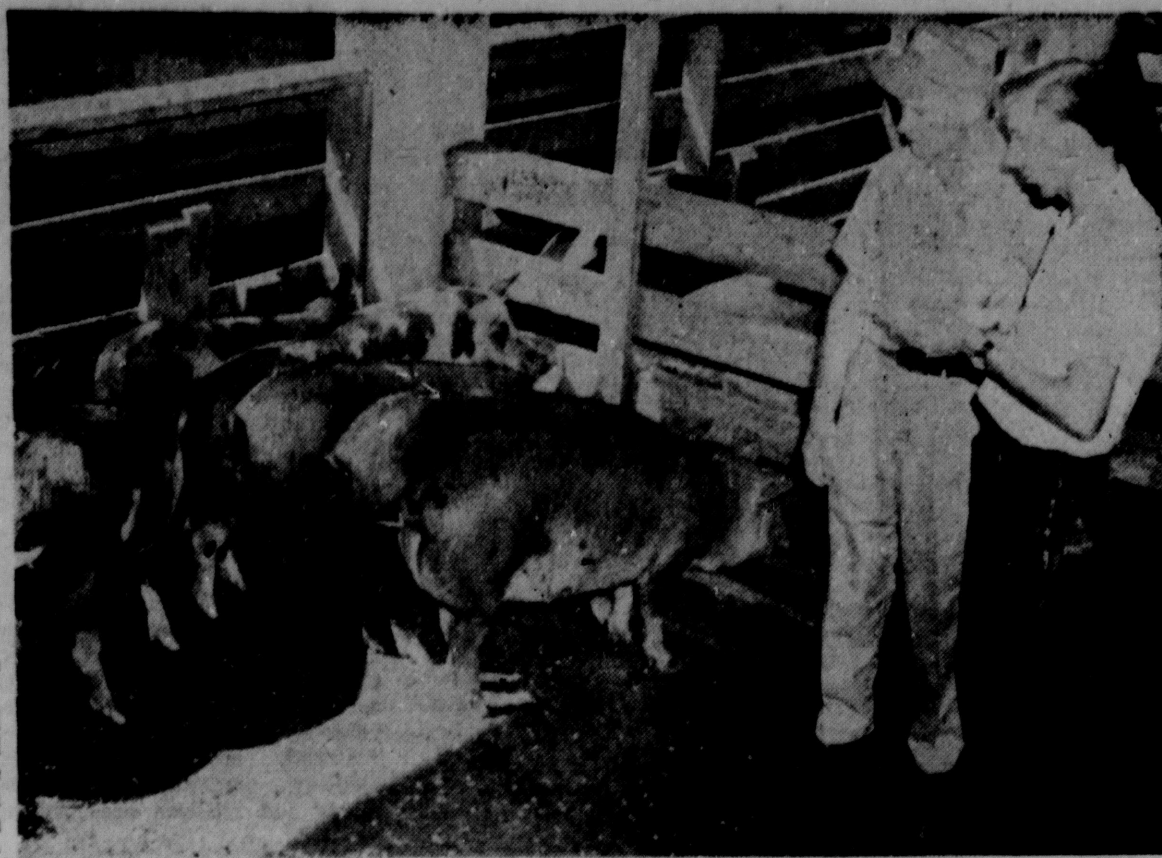

E. K. Hartenbower, general manager of KCMO, presented handsome engraved plaques to the three high ranking contestants in the Kansas City and St. Joseph market divisions of the competition. First place winner in the Kansas City division was Frank Sellers, Sedalia. Second place was won by Elmer Bruner of Olathe, Kan., and third place went to Ted Zellmer of Peculiar, Mo.

In the St. Joseph division, first place honors went to V. J. Sisk of Bethany, Mo.; second place to Chester A. Swand, Laclede, Mo., and third place to L. C. Riddell of Brookfield, Mo.

The major trophy went to the Sedalia Chamber of Commerce, sponsoring organization for this year's top producer. It was accepted by Ernest Jones, chairman of the better farm marketing committee of the farm marketing division of the Chamber. This rotating trophy will become the permanent possession of the civic group with the top producer in the contest for two years.

Eighteen civic organizations and other groups sponsored local meat type hog clubs throughout Kansas and Missouri in cooperation with KCMO this past year. One hundred eighty-three producers entered some 7,000 head of hogs to be scored on the basis of rate of gain, prolificacy and type. Forty-nine per cent of the contest hogs scored were rated U.S. No. 1, 29 per cent graded U.S. No. 2, 18 per cent were No. 3, and 4 per cent were mediums. Leaders at the local markets claim that not more than 15 per cent or 20 per cent of the regular receipts would grade U.S. No. 1.

Sellers scored 16,107 points as compared to second place of 15,998 and third place of 15,410. First place in the St. Joseph section was 15,407 which was three points below the third place winner at Kansas City. Sellers placed 88 per cent of his pigs in the No. 1 grade as compared to his nearest competitor's 84 per cent and he had 30 pounds more gain per pig in 180

IN CONTEST—These are part of one of Frank Sellers contest litters. There were 11 in it, they all graded No. 1 and sold for 25 cents per hundred pounds over the top on July 12. Frank is at the left and George Stephens, di-

rector of agriculture for Radio Station KCMO and in charge of the contest, is at the right. These pigs were sired by a Minnesota No. 2 boar while the sows were crossed between Minnesota No. 1 and Hampshires.

Students Take National Merit Scholarship Test

By BEVERLY LONG

On Tuesday, Oct. 22, the annual National Merit Scholarship was given free to ten students selected by the school, based on scholastic record, to take it and to any other students who were interested in scholarships. The test was a two-hour test which began at 9 a.m. Those students who were selected to take the test free were: Jerry Brown, Donald Callis, Marilyn Goldman, Janelle Goldsmith, Kenneth Keele, Rita Napier, Susan

Schlen, Mary Wallace, Dixie Wilt and Allan Williams. All others who took the test were charged a fee of \$1.00.

The annual PTA membership drive began Monday, Oct. 28, at Smith-Cotton and will close Nov. 15. The class which enrolls the greatest percentage of members will be given a party in March or April. The membership dues are 35 cents each.

Two debates, one with Rockhurst in Kansas City and one with St. Paul in Concordia, which were to be held this weekend have been canceled because of the flu. Mr. Blair has arranged to meet Rockhurst on Nov. 1.

The Future Homemakers of Smith-Cotton attended the annual meeting of sub-district 5 last Saturday in Windsor. The girls attending were: Nona Payne, local president; Sharlene Davis, voting delegate; Judy Hopkins, sub-district vice president; Caroline Staley, who is to be installed as sub-district president for next year; Nancy Fricke and Mrs. Mary Mad-dox, Smith-Cotton advisor.

The Smith-Cotton PTA had its first meeting of the year last Thursday night. After the meeting there was a social hour in the cafeteria.

The senior class has selected Mary Wallace to represent Smith-Cotton in the "DAR Good Citizen-

ship Contest." The faculty at Smith-Cotton selected three girls—Marilyn Goldman, Susan Schlen and Mary Wallace. The students then voted on these three girls, choosing Mary as their candidate.

The girls were chosen on the basis of dependability, service, leadership and patriotism. Mary, along with other qualified girls in Missouri will go on to take a difficult American history examination in February. The winner of this will receive a \$50 state award and go on to take the national examination, which will pay the winner \$100.

Last Thursday was the worst day for the flu, with about 455 students being absent. Wednesday saw 436 out, and Friday the number had dropped down to 420. This slight epidemic has caused several events to be postponed, such as the senior high assembly and the freshman football game.

Classes, too, have been disrupted with so many students out. Teachers have been marking time with reviews and class exercises until the classes are all back again and can proceed together.

Appropriate Name

BALTIMORE (AP)—It was a generally solemn occasion as Gov. Theodore R. McKeldin inspected The Maryland Penitentiary yesterday.

But Warden Vernon L. Peppersack managed to draw a chuckle from the governor when he referred to the penitentiary's hospital dispensary as "our out-patient department."

ship Contest." The faculty at Smith-Cotton selected three girls—Marilyn Goldman, Susan Schlen and Mary Wallace. The students then voted on these three girls, choosing Mary as their candidate.

Group Is From France

Warrensburg Concert Will Feature Ballet Dancers

The Warrensburg Community Concert Association will feature in their first concert Les Ballets Janine Charrat De France Thursday, Oct. 31, 8:15 p. m. at Hendricks Hall, Warrensburg. Members of the Sedalia Community Concert Association may be admitted by showing their membership card.

Young, beautiful, a great prima ballerina and choreographer, Janine Charrat was hailed "Queen of the dancers" when she formed her own company, Les Ballets Janine Charrat De France in 1932. Its debut in Paris won ecstatic superlatives from critics and public alike who responded to technically superb dancing and imaginative, exciting choreography.

Janine Charrat was no stranger to the dance world. Her career had been launched by Serge Lifar ten years earlier. Within a short time she was dancing with Roland Petit, first as his partner in duo programs, then as "Etoile" of his newly formed company, Champs Elysees. Later she appeared as a

star with other major ballet companies, notably the Monte Carlo and that of the Marquis de Cuevas. When Petit organized his new group, Les Ballets de Paris, she was again his leading dancer.

Paris knew her, also, as a venturesome choreographer, and so did the rest of Europe. Commissions for new works poured in from every corner of the continent—Berlin, Amsterdam, Stockholm, Venice and Budapest. For Roland Petit alone she created several major ballets, notably "Jeux de Cartes," "Adam Miroir" and "La Nuit." For the Monte Carlo she composed the dramatic "Cressida." Up to the time she formed her own company, she had choreographed more than fifteen major works and as many shorter ballets.

The creation of her own company enabled Janine Charrat to work with complete freedom in realizing her profound grasp of ballet technique, expression and esthetic. With each performance her sovereignty of the field be-

THE SEDALIA DEMOCRAT—Sedalia, Mo., Wed., Oct. 30, 1957 5

came more apparent. There followed a triumphal tour of all the principal cities of Western Europe and the British Isles. Finally, the government of France itself took official cognizance of her contributions to the nation's cultural life. It placed her in charge of the newly created Decentralisation Francaise de la Danse within the Ministry of Education.

Janine Charrat brings to America the cream of her dancers, 14 in all, including Helene Trailine, whose accomplishments as a prima ballerina are matched only by her beauty. Mile. Trailine will share dancing honors with Charrat her-

58 FORD COMING NOV. 7

Nothing newer

AROUND THE WORLD

The 58 Ford has been proved around the world. This is the most dramatic and most grueling test ever given a new car before its public announcement.

The whole world was used as a test track for the 58 Ford. The car drove through England, France, Switzerland, Italy, Yugoslavia, Greece, Turkey, Iran, Afghanistan, Pakistan, India, Malaya, Thailand, Cambodia, Vietnam, and finally back to the place it started—Detroit, Michigan, U.S.A.

The Ford powered over the great mountain ranges of three continents: from the Alps to the Himalayas and the Rockies. It crossed the great rivers of history: the Thames, the Seine, the Tiber, the Arno, the Tigris, the Euphrates, the Indus, the Ganges.

This car stood at Buckingham Palace, rolled up the Champs Elysees to the Arc de Triomphe, and paused at the Eiffel Tower. It was greeted by the great Paris couturiers at the famous fashion salons where its "sculptured in steel" styling was applauded by the most style-conscious audience in the world.

The 58 Ford rode smoothly down the rugged, beautiful seacoast of Tito's country, to a festival in Dubrovnik, and into Greece to Athens, where this newest classic met such ancient classics as the Parthenon and the Temple of Poseidon.

Into Turkey; and the 58 Ford passed the great white lacework palaces of the Sultans along the Bosphorus and the Golden Horn. Then the Ford went where few but nomads travel, up into the hot days and chill nights of the ancient mountains of Afghanistan. And thence along the route Alexander the Great followed with his chariots to cross the historic Indus river.

On and on the Ford moved, down into the heat of mysterious India, through New Delhi to the Taj Mahal, and to the great pink palace of the Maharajah of Jaipur.

This great new car met the challenge of the monsoons—rains that for centuries have stopped all road movement through Indo-China, but didn't stop the 58 Ford. It drove on to Penang in Malaya, and then north to Bangkok.

Further on came Saigon, the Paris of the Orient, at the farthest tip of Southeast Asia. Finally, it powered across the great Rockies and plains of North America and back, at long last, to Detroit, Michigan.

The 58 Ford... has been proved and approved around the world. A natural question arises. Why did Ford go to such great lengths with its 1958 model? Why spend so much money and time and go through all the problems of negotiations, customs, border transit, diplomacy in so many countries?

The answer: in the competitive automobile market of today, only the best in all-around value can survive. And this round-the-world test is the most decisive possible demonstration of the best.

The 1958 Ford is value: hard-dollar value. It is also style, power, performance, and a dozen great new features. But above all, it is value.

This is the car you've been waiting for. See it November 7—there's nothing newer in the world than the 58 Ford!

proved and approved around the world

Hallowe'en Superstition

Upon approach of Hallowe'en we don't know whether to be more fearful of the witches and spooks as of Nikita Khrushchev who boastfully declares he is "a man of destiny." Is this a baneful portent?

Many who have seen the coming and going of two world wars recall their preliminaries when Kaiser Bill began to strut, when Hitler began to roar, when Mussolini beat his chest and each modestly admitted he was "a man of destiny."

For Khrushchev Hallowe'en is cut to a pattern unmistakably pagan and suitable to a type of vandalism which, however, is gradually disappearing from the American scene, replaced by fun and frolic. Symbolic of a ghostly figure riding a broomstick, broadcasting weird shrieks and mysterious laughter, would be the Russian dictator astride a beeping sputnik in the stratosphere giving a Red welcome to souls of the departed who are supposed to revisit the earth on Hallowe'en.

All Hallow's Eve is the name given to October 31, as the vigil of Hallowmas or All Saints Day, now chiefly known as the eve of the Christian festival. It antedates Christianity. History reveals that the main celebrations of Hallowe'en were purely Druidical, inspired by the learned priestly order of the ancient Celtic inhabitants of Gaul and the British Isles. In parts of Ireland October 31 is still known as "Vigil of Saman," indicating direct connection with the Druidic belief in the calling together of certain wicked souls by Saman, lord of death.

Hallowe'en precedes All Saints' Day

The Washington Merry-Go-Round

Russian Policy at UN Is Tougher

By DREW PEARSON

THE UNITED NATIONS, New York—Whatever the connotations of Zhukov-Khrushchev maneuverings inside the Kremlin, there is no dispute regarding the growls of Andre Gromyko at the United Nations. They have grown grimmer and more menacing.

Diplomats who have been attending the UN since its inception say that never before have the Russians been so tough, so uncompromising, or played their cards with such precise, diplomatic skill.

They also say that the three-hour private conference Foreign Minister Gromyko had at the home of John Foster Dulles, calculated to be a showdown between the USA and USSR, has only made Gromyko more bellicose.

Gromyko is playing his hand from strength. His trump cards are the ICBM, Sputnik, the new Soviet jet transport plane, and he is waving these cards with brazen audacity. With their help, here are some of the plays he has pulled:

Play No. 1. — On Sunday, October 20, Gromyko invited Syria, Egypt, plus the satellite countries, plus such neutrals as Indonesia, India, and Yugoslavia, to his home to head off mediation of the Turkish-Syrian dispute by King Saud. He wanted the dispute handled not in the distant desert kingdom of Saudi Arabia, which lacks newsreels and television, but under the klieg lights of the United Nations where the entire world could watch the fireworks. He was not interested in mediation but in psychological warfare.

During the course of this secret meeting, Gromyko used the words "we will use force if necessary." He did not elaborate further.

Play No. 2. — In other backstage UN talks, Gromyko, always a grim man, has been grimmer than ever. He has even let it be known that Russia would use armed force to keep the present pro-Russian government of Syria in power. In other words, should there be a revolt inside Syria, the Red Army would invade to protect its puppet government just as it invaded Hungary.

Play No. 3. — Russian delegates are whispering that they obtained the diplomatic pouch containing the reports by Loy Henderson on his Near Eastern trip to bolster the Eisenhower Doctrine. These, they claim, reveal war plans between Turkey and the United States. Photo-stats have even been circulated among the Syrians and Egyptians, giving alleged U.S. plans for a Turkish attack.

Guest Editorial

THE DAILY OKLAHOMAN: Of The People. Another thing that we are tired of hearing and should be very happy never to hear again is this constantly mounting talk of how America's prestige is going to suffer abroad if we carry into effect some historic American policy.

If a certain policy is necessary and if its execution will serve the general welfare here at home, that policy should be approved regardless of what foreign peoples think. Of course we should safeguard national reputation. Of course we should be very careful not to give offense among foreign peoples. But after all, the American government is for the people of America. There is neither sense nor patriotism in discarding a historic American policy for fear that we shall alienate the friendship of people in foreign lands.

This will be a poor country indeed if it ever reaches a point where we have to take a survey of a dozen foreign countries to find out what those people want and think before we dare to do what the general interest of the American people demands. The United States is the country of the American people. It is independent of all foreign nations. And if we are wise, we shall keep it that way. We must do what is best for our own people regardless of foreign opinion.

devoutly observed in Europe and South America.

But even in these so-called enlightened times superstition, subversive of true or pure religion or contrary to scientific knowledge, still prevails as leverage in the hands of the devil.

It is not too far a cry to the days of Salem's witches in our own country. For centuries superstition was a powerful force in all aspects of life. Take medicine, for example. What do you think of this prescription, asks the Missouri Tuberculosis Association:

"A wolf's liver infused in wine, the lard of a lean cow, fed on vegetables and asses' flesh, together with the broth." Or, "The smoke of dried cow dung drawn through a reed and the tips of bullock's horns, burnt and powdered and mixed with honey."

These are old cures for tuberculosis which centuries ago, as today, was one of the greatest health problems facing mankind. The first "cure" dates from ancient times, the second was in vogue as late as the American Revolution.

Fortunately these remedies have been replaced by more effective treatment which Christmas Seals have helped bring about.

The superstition of witches, spooks and hobgoblins and belief in quack nostrums is being relegated to oblivion in an enlightened America. And the day may come when mankind's mentality will be so illuminated by the light of Christianity that threats of pagan "men of destiny" will be as ineffectual as superstitions once were potent in giving rise to uneasiness in the hearts of men of good will.

All Dressed Up and Someplace to Go

The World Today

Country Loses a Dedicated Servant

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—This country loses one of its best and most dedicated public servants Nov. 1 when Louis B. Nichols retires. He has been the No. 3 man in the FBI for years.

He joined the FBI 23 years ago. In that time very few people outside Washington ever heard of the husky, six-foot, dark-haired Nichols who at 41 is a man with an astonishing memory and endurance and a burning conscience.

He played the FBI up and himself down. But the FBI can thank him for much of the enormous goodwill it enjoys. In 15 years in Washington this writer has never known a government employee who worked so hard.

His routine, day in and day out, year after year, has been from 8:30 in the morning till 11 or 12 o'clock at night in the office, with usually 10 or 11 hours on Saturday and a shorter stint on Sunday.

Most of the time he ate lunch and dinner at his desk. His going is tough on the FBI. But I think it's a lifesaver for Nichols. Men around him worried constantly about his long hours. Now he is going into private business to make some money for his family.

A few years ago, during a vacation which was never spent far from a telephone, he built a cabin near the water about 100 miles from Washington so he and his

two sons could fish. Since then he probably hasn't been there four times a year.

The three top men in the FBI are J. Edgar Hoover, director; Clyde Tolson, associate director; and Nichols, assistant to Hoover. When Hoover and Tolson were out of town, Nichols ran the FBI.

He was up to his neck in everything the FBI did. Besides being in charge of its records and communications, he was the man who, since the late 1930s, has handled its public relations.

Through those years, which covered World War II and the Korean War and the great public agitation over communism at home and abroad, Nichols was the one through whom the agency's work was made known to the press and the world.

But he never let himself figure in any of the stories. Invariably Nichols reported to newsmen

something like this: "J. Edgar Hoover, director of the FBI, today announced so and so..." It was that way, day by day, that the FBI story was unfolded.

Although Nichols was not called the FBI's public relations man—there is no such designation in the agency—he was, in this writer's opinion, the best public relations man any government agency has had in our time.

His technique was simple: You could call him with a question. If he could answer, he would immediately; if he couldn't, he'd say so. He was utterly reliable. If it was possible, without revealing FBI secrets, to talk off the record for background, he'd do that, too.

Through all these years the public has had a picture—justly deserved—of the FBI as an extraordinarily government agency. It was Nichols who for years presented that picture.

Dr. Jordan Says

Multiple Sclerosis Has No Typical Symptoms

By EDWIN P. JORDAN, M.D.

It is now some time since I have discussed multiple sclerosis. This disorder of the nervous system appears to be becoming more common. It is believed to afflict somewhere around 100,000 in the United States alone.

The encouraging feature of multiple sclerosis is the increased amount of research being devoted to uncovering new facts on this subject. This greater emphasis is largely the result of the work of the National Multiple Sclerosis Society. For several years it has raised funds to support research and improve treatment.

Already some extremely important research projects have been supported by funds from this source. Many of these projects are highly technical, involving study of nervous tissue, chemical reactions and similar complicated projects.

Some readers may not know what multiple sclerosis is. It is a disease of the nervous system—that is the spinal cord and higher centers—of unknown origin. Different areas of the nervous system may be attacked and consequently the symptoms of the disease vary widely and it is this which has given the name "multiple."

In view of this behavior of multiple sclerosis there are no symptoms which are completely typical. Double vision, a tremor when trying to pick up some object and a walk which is irregular, something like that of a person who is drunk, are considered to be the most common, though one or all of these may be absent. However, no reader who has, or thinks he has, any one of these symptoms should make any such diagnosis on himself.

Many treatments have been tried, including artificial fever, the use of drugs to delay blood coagu-

Why is it the maddest guy in an argument is usually the one that's wrong?

Soon 60 Million More

Space Problems Relate Also to Food Shortages

By Esther Van Wagoner Tufty
Of Our Washington Bureau
WASHINGTON—There's a man in Washington who worries about how big America is growing and he's trying to make officials get ready for the expansion.

Robert C. Cook, editor of Population Bulletin, estimates we may add 60 million persons to the present total of 172 million in the next 18 years.

If such a population pace continues, we will be fretting about food shortages not surpluses! Although scientific progress makes the land yield more per acre, Mr. Cook predicts there will be fewer acres to take care of all those yet-to-be-born people.

Already housing subdivisions, highways, new industries, defense plants and airfields are gobbling up land.

Space problems will be acute. Within a few years, it's said, "the whole eastern seaboard from Maine to Virginia, will be one

continuous strip city." So to be wise, it's warned that "to avoid hopeless congestion and tragic dreariness, we must begin now to save more of our few remaining open spaces, to develop recreation facilities and to conserve water resources."

What's true in this area will be repeated in other parts of the country especially around big cities, or between two cities located near each other.

Wisconsin sets the example for other states on curbing improper lobbying activities.

A new Wisconsin law makes it a crime for a licensed lobbyist to influence or seek to influence any legislator, state officer or employee of the state by gifts of food, lodging, beverages, transportation, money, campaign contribution or other thing of value.

The only thing left is for the lobbyist to brighten up his persuasive powers!

Ruth Millett Says

Self-Pity Is No Answer To Middle-Age Slump

A woman can feel old and unneeded when she is still young enough to make whatever she likes of her life.

All it takes is time on her hands, a family busy with their own pursuits, a little inertia and a touch of self-pity.

Mrs. B. is in that middle-age slump. Her husband is at the busy peak of his career. Her children are happily going their own way and a little impatient with their mother for fussing over them and worrying about them.

So Mrs. B. feels like the forgotten, neglected member of the family—the one who is always there waiting for someone to come home.

If she doesn't snap out of her self-imposed role of the neglected wife and mother, she is going to age rapidly and unhappily.

But if she makes up her mind that she has had enough of sitting and waiting, enough of wishing that her husband weren't so busy and that her children had more time for her, she can begin a new and different kind of life for herself.

She can make more plans with friends instead of wishing the family could do more things together.

She can look around for a community need she can help fill and she can get busy with a volunteer job.

She can decide that now is the

time to learn some skill she always wished she had or study some subject that has always interested her.

She can renew old friendships and make new ones, taking the initiative, instead of waiting to be asked to do this or that.

And as she fills her days with these things, she will be just as busy and just as happy and as much in demand as the other members of the family.

Sometimes the woman who has been the most devoted wife and mother is the one who finds it the most difficult to make a life of her own, when she finds herself with time on her hands.

But any woman can make herself happy once she faces the fact that nobody else is going to do it for her.

Thinking It Over

By Robert L. Diefenbacher, D.D.

Windows in the roofs of sight-seeing buses, railroad cars and taxicabs make broader the scope of the passing scene. As one looks skyward he sees the clear blue of the heavens. He views the cloud patterns of the shifting mists above. At night one observes the star formations, the planets and the sparkling heavenly bodies.

There is something cleansing to the soul in looking upward. The mind moves away from worldly thoughts. God comes nearer to the soul and the spirit rises above the frustrations of temptation and mundane desire.

Let us lift up our eyes to the heavens and reach up for the hand of God. It is only as we reach out and seek power outside ourselves that we shall attain higher goals and find the uplift of God. Man cannot lift himself by his own bootstraps.

Odds and Ends
By News Staff

SOME PEOPLE DO a lot of falling down. They just seem to always be taking a tumble. One woman who seems to have that misfortune is invariably falling on her nose. If she falls upstairs, she hits her nose; if she falls downstairs, she hits her nose; and if she falls on the sidewalk, or in the house, she is sure to fall on her nose.

After her most recent nosedive, she remarked to some friends: "If I keep this up, I won't have cauliflower ears like boxers and wrestlers but I will sure have a cauliflower nose."

HEARING THAT SOMEONE had planted an avocado seed and it grew into a wonderful plant almost reaching the ceiling of the room, a young woman, who has a spot in her living room for just such a plant, bought two avocados and brought them home. She didn't know much about avocados, but she did know they were used in salad. Even if she had bought them just for the seed, she didn't want to waste the fruit so she thought she would cut them up and make a salad.

She held one of the avocados securely on the kitchen table and brought her big knife down through it.

"What kind of seed did you think an avocado would have?" she asked a friend.

"Oh, something like a peach

Speech Contest Postponed Due to Flu, Cold Absences

By JIM COUHIG

The flu bug has struck! Twenty students are out of school with an assortment of colds and flu.

A speech contest scheduled to be held Oct. 25 was postponed until a later date.

A bake sale was held Sunday, Oct. 20, by the High School Glee Club. The purpose of the sale was to raise money for coming activities of this year's Glee Club. The sale was a huge success.

Sister Rosella, principal of Sacred Heart School and head of the mathematics department, has successfully weathered a serious operation and is on her way to a speedy recovery. Sister Felician has replaced Sister Rosella temporarily in the math department and after Sister Rosella's return will act as librarian of Sacred Heart High.

Father Schrader presided over a servers meeting Friday, Oct. 18, following classes, in the library and had a short session with the servers. Donald Rouhka, Bill Jackson and Patric Sparks were appointed to inform the servers when they are expected to assist at Mass. Awards for the best attendance will be presented to the servers at the end of the school year.

Members of the junior class, which won last year's intramural play contest with their hilarious adaptation of "Everything's Off," will practice for their contest at Houstonia early in December. The juniors represent Sacred Heart

High at the Houstonia contest. The play is under the direction of Father Pelletier.

Members of the cast are: Carolyn Moser, Martha Berlin, Laura Zuroweste, Pat Seifner, Jim Couhig and John Martin.

The junior class held a class meeting Wednesday, Oct. 23, with president John Boul presiding. Margaret Belker, Laura Zuroweste and Carolyn Wiemholt were appointed as the committee to prepare the agenda for next week's meeting. The meeting was adjourned after a short discussion.

Basketball, among other things, is also suffering from the flu bug. A large number of players are out with the flu for an indefinite period. This year's team will concentrate mainly on defense for a successful season, due to the loss of the high scoring Mettler brothers through graduation. The team's main weakness this year is the overall lack of height.

Will Observe World Community Day Friday With School Services

"Bread, Freedom and Dignity" is the theme of World Community Day, being observed Friday, Nov. 1. Services will be held in the elementary schools of the city at various times during the day, under the direction of the principals.

The program will consist of songs and stories related to the theme. Letters from children in India, Africa and Lebanon will be read, expressing gratitude for help which has enabled them to attend school through supplying clothing and some money through world community day projects.

No offering or material project will be collected in connection with the children's observance.

"Parcels for Peace" are being

prepared by women of the affiliated churches to be dedicated at their observance to be held at Immanuel Evangelical and Reformed Church at 8 p.m. In addition, an offering will be received which will be used to aid peoples of underdeveloped countries to produce more food and to prepare men and women for a larger measure of freedom and self-government, and aid in establishing for people in these areas an increased sense of dignity and self-respect.

Mrs. Sam Cooper is general chair man of World Community Day.

Dr. Muzumdar To Be Speaker For Fork Club

Members of the Knife and Fork Club will get an up-to-the-minute report on conditions, politically, socially and economically in the new-born nations in India and Africa, when Dr. Haridas T. Muzumdar, who has just newly arrived from a several month visit there, addresses the club Thursday evening at the Bothwell Hotel.

Indian-born himself, although he has been teaching in American Universities for several years now, Dr. Muzumdar will tell of his investigations and what he discovered in Asia and Africa. He made a special trip at the request of the national organization, The Associated Clubs, in order that

Paving Roller Slides Backward Down Street

SAN FRANCISCO (AP)—George Rickett started up steep Douglas St., on an eight-ton paving roller, but quickly found the monster sliding back down — although the rollers still were turning forward. "There wasn't much I could do," said Rickett. "These things don't have brakes; just clutches."

After backsliding one block, the roller cracked a telephone pole and hit two parked cars before stopping. No one was hurt.

South Americans Visit Here While Touring US

Dr. and Mrs. Reynaldo Wadalayra, of Lima, Peru, visited in Sedalia Monday as the guest of Rolla Singleton, Columbia. Singleton was here for the Polled Short-horn show and sale held at the fairgrounds.

Dr. Wadalayra was invited by the U.S. State Department to tour this country and observe methods of Corriedale sheep breeders in the US Corriedale sheep are the same breed as are raised in Peru. Singleton was here for the Polled Short-horn show and sale held at the fairgrounds.

members of the vast network could receive current advice on conditions in those countries which may turn out to mean so much to the United States in the months and years to come.

THE SEDALIA DEMOCRAT—Sedalia, Mo., Wed., Oct. 20, 1937

ton is secretary of the Corriedale Sheep Breeders Association and is accompanying the South Americans on their trip.

The trip started in New York and went through the New England States, Pennsylvania, Colorado, Missouri and will take them to Texas from here.

Bill McIntyre Is Beaten By Ripper Hawk

Bill "Red" McIntyre, Ottumville sensation, was stopped in his string of victories Tuesday night by the ailing Rip Hawk of Toledo, Ohio, in the feature event on the American Legion wrestling card. In spite of losing the second fall when he was disqualified, Hawk returned to take advantage of a situation and won over McIntyre.

Hawk relied on his rough tactics to win, working McIntyre over from the start to the finish. A knee lift and body press won the first fall in 12 minutes and 15 seconds. Then in the second period, Hawk became over anxious to win resulting in Referee Bobby Bruns stopping the attack and awarding the fall to McIntyre, disqualifying Hawk.

In the third fall period, a clash between all three occupants in the ring resulted in Bruns going out of the ring on the concrete. McIntyre started out to help him and Hawk jammed his head against the ring post, pulled him back in the ring and away they went. Bruns got back in the ring as Hawk was using the knee lift and press to win the fall in eight minutes and 22 seconds.

In the semi-windup Thor Hagen disposed of Ernie Dusek, winning the last two falls. Dusek took the first in 18 minutes and 30 seconds using the "sleeper" hold. Hagen came back to rough Dusek up and using the drop kick won the fall in six minutes and 14 seconds, and using the reverse leg lock forced Dusek to give up in five minutes and five seconds.

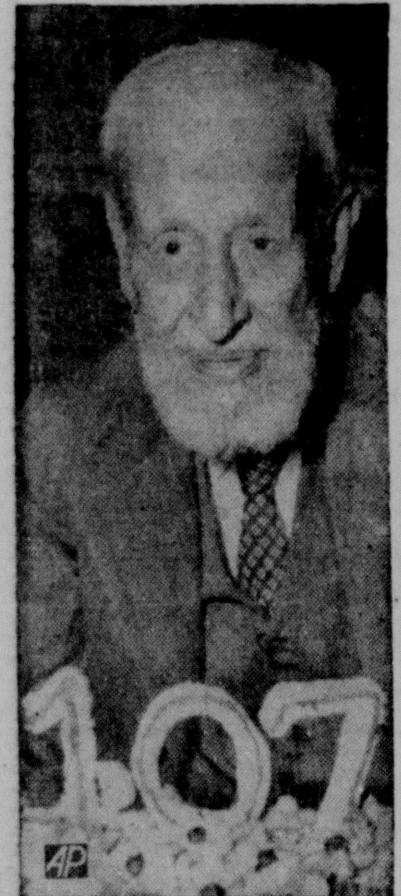

Chief Lone Eagle matched wits with the veteran Joe Dusek in their one-fall match which opened the card but the "old timer" proved too much for the youthful climber. Lone Eagle submitted to the knee drop and body press applied by Dusek who won the fall in seven minutes and 32 seconds.

LaMonte Defeats Houstonia by 73-39

LaMonte High School cagers defeated Houstonia by a score of 73 to 39 in LaMonte's first conference game of the year at LaMonte Tuesday night. Higher scorer for LaMonte was Burke with 26 points and higher scorer for Houstonia was Shireman with 22.

Houstonia girls' volleyball team defeated LaMonte by a score of 31 to 13.

Next home game for LaMonte will be on Monday night with Lincoln. LaMonte plays at Ottumville Friday night. Officials for Monday night's game were Keith Anderson and Chuck Branson.

STILL IN TRIM—Charles Wesley Thiery of Belmont, Mass., smiles happily as he cuts his 70th birthday cake. Thiery, who almost died of pneumonia when he was two, said he has no special for a long life. "I always have had good health," except for the pneumonia, he says, and "when I had the slow fever at 20." He wears glasses to read and write and uses a cane in his frequent trips alone to Boston. Thiery said he keeps in trim with mild calisthenics every morning. (AP Wirephoto)

Hank Sauer Is Honored For Comeback

NEW YORK (AP)—Big Hank Sauer, 38, who hit 26 home runs to give the Giants a needed lift in their last season in New York, made the National League Comeback of the Year in 1957.

This was the verdict of the members of the Baseball Writers' Assn. who participated in The Associated Press annual poll.

Sixty-four of the 139 participating writers felt Sauer's recovery from a poor season in 1956 was the most noteworthy. Cincinnati third baseman Don Hoak was second with 29 votes.

Far back in third place was Giants' pitcher Ruben Gomez with seven votes. He was followed by first baseman Stan Musial of St. Louis with six and Brooklyn pitcher Johnny Podres with five.

Sauer embellished his 1957 home run output with 76 runs batted in. He batted .259 in 127 games. His 26 circuit blows increased his total for 13 big league seasons to 275.

The resident of Inglewood, Calif., was given his unconditional release by the St. Louis Cards at the close of the 1956 campaign. He was picked up by the Giants as a free agent.

Sauer's 1956 batting average was .296. But he played in 75 games, many of them as a pinch-hitter, and managed five homers and 24 RBIs.

Hank's best year was 1952 when he led the National League with 37 homers and 121 runs batted in for the fifth-place Chicago Cubs.

He won the Most Valuable Player Award. He is the only member of a second-division club to have done so.

Hoak also was helped by a change of uniform the past season. In 1956 he hit .215 for the Cubs. With the Redlegs he had a .293 average along with 19 homers and 90 RBIs. In 10 previous professional seasons—major and minor league—Don never hit more than seven home runs.

Gomez, who compiled a 7-17 record last year, won 15 games and lost 13 in 1957. He was the Giants' biggest winner.

Musial won his seventh league batting title with a .351 average after finishing with .310 the previous season. Podres, in his first season out of Uncle Sam's Navy, captured the earned run title with 2.66 and won 12 games while losing nine.

Slugging outfielder Del Ennis of St. Louis was named as the comeback player on four ballots. Red Schoendienst, Milwaukee second baseman, got three votes.

Players with two votes were first baseman Dee Fondy, shortstop Dick Groat and pitcher Vern Law of Pittsburgh, pitcher Curt Simmons and shortstop Granny Hamner of Philadelphia, third baseman Eddie Mathews of Milwaukee and first baseman Gil Hodges of Brooklyn.

Those who received single votes were pitchers Lew Burdette and Gene Conley, outfielder Wes Covington and first baseman Frank Torre of Milwaukee, outfielder Willie Mays of the Giants and shortstops Ernie Banks of Chicago and Alvin Dark of St. Louis.

Holds Dispersal Sale

CHILLICOTHE (AP)—The two-day dispersal sale of the Ralph L. Smith Aberdeen-Angus herd ended at the Kansas City lumberman's ranch near here yesterday.

Buyers from 26 states spent \$473,335 for 463 animals. Eighty-three bulls averaged \$1,016 each and 380 females averaged \$1,023. Nearly 1,000 bidders attended.

Akins Kayos T. DeMarco In 14th Round

BOSTON (AP)—Virgil Akins personally assumed leadership in the mixed-up welterweight division today with any tournament to decide a world-recognized champion hinging on a probable rematch with Tony DeMarco.

Akins, a 29-year-old church deacon from St. Louis, upset the class ratings by knocking out DeMarco, the top-ranked title contender, in the 14th round of a savage slugfest last night at the Boston Garden.

"I'm the champion and now all those guys who've ducked me can get in line," Akins said after accepting a belt as the recognized titlist in Massachusetts, supported by Illinois.

"Those guys" and any tournament planned by the National Boxing Assn., the New York State Athletic Commission and the World Championship Boxing Committee may have to wait for several weeks.

Promoter Johnny Buckley scheduled a meeting for today with Barney Glickman, co-manager of Akins, and Rip Valenti, DeMarco's pilot.

"If DeMarco wants a rematch, we have to give it to him," Glickman said. "That was our agreement."

Valenti said "We want a rematch—and it probably will be held here before the end of the year."

Both champs undoubtedly were thinking of another lucrative pay night. Last night's brawl drew a crowd of 9,636 which paid a gross of \$62,608 and a "net" of \$49,194 for the non-television meeting.

Akins, a skilled campaigner with a stiff punch in both hands, floored DeMarco twice in the 10th round, once in the 13th and three times in the 14th before the former welter champ was counted out with his head resting on the lower rope in a neutral corner.

DeMarco, hoping to regain the crown he lost to Carmen Basilio after a reign of just 70 days in 1955, appeared to be en route to a victory until he ran into a terrific right and was dropped in the closing seconds of the 13th.

After surviving the two knockdowns in a vicious 10th, DeMarco easily won the 11th and then dropped Akins for a compulsory eight count in the 12th with a combination to the body and a wicked left hook to the jaw.

The 13th was all DeMarco until Akins, biding his time, found an opening for his powerful right.

DeMarco was dropped in his tracks. The count reached five before the bell rang and Tony's handlers leaped into the ring and pulled their dazed warrior back to the corner.

Despite warnings from his corner to cover up and get in close to protect himself, Tony came out swinging in the 14th. That was all Akins needed.

Truman Will Speak At Jackson Day Meet

LOS ANGELES (AP)—Former President Harry Truman arrives today for a \$100-a-plate Jefferson Jackson Day banquet Friday night.

Truman said he will make a speech of "major significance," at the dinner. The other speaker will be California Atty. Gen. Edmund G. Brown, probable Democratic candidate for governor in next year's elections.

Kenny Lane Meets Zulueta in 10-Rounder

CHICAGO (AP)—Kenny Lane, a top lightweight contender for Joe Brown's title, meets Cuba's Orlando Zulueta in a nationally televised 10-round bout at Chicago Stadium with hopes for a shot at the championship.

Lane, 25, of Muskegon, Mich., is a 3-1 favorite to run his victory string to 16. Lane has won 49 and lost only 5.

One of his victims was Zulueta, in the fall of 1954.

Zulueta, ranked eighth by the NBA and sixth by Ring Magazine, was stopped by Brown last June in the 15th round of a title fight. Orlando is 29 and has a record of 44 victories, 19 defeats and 8 draws.

Has Second Week of Bad Grid Choices

NEW YORK (AP)—What is so rare as a day in June? Then, if ever, the world's in tune and a college football forecaster can forget all about moral victories, blocked punts, intercepted passes and off-side penalties. But one can't forget about a 33-18 record, the second straight week of frustration.

This week's picks with no confirmation that the average will be any better:

Texas A&M over Arkansas: John Crow is the hero of the Texas Aggie squad. So, shall we say "as the Crow flies..."

Oklahoma over Kansas State: The Sooners now know their rivals do not read the Oklahoma clippings. This could even become lopsided.

Michigan over Iowa: It is a Michigan habit to defeat Iowa. Last year's only Hawkeye loss was to the Wolverines by a field goal. The margin won't be much larger this time. This is the week's TV offering.

Auburn over Florida: Auburn got its offense into high gear last week as it walloped Houston. Florida was at its peak defeating LSU. Auburn gets revenge for that 20-0 setback of a year ago.

Notre Dame over Navy: In a squeaker.

Michigan State over Wisconsin: It is about time for Walt Kowalczyk and his pals to get back on the track.

Duke over Georgia Tech: Tech's sophomores to make it interesting but Duke finishes on top.

Ohio State over Northwestern: It is the fourth rugged Big Ten assignment in as many weeks for the tiny Northwestern squad.

Army over Colgate: The Cadets put on a dress rehearsal for President Eisenhower.

North Carolina State over Wake Forest: You could have paid off the family mortgage had you known in September that State would be undefeated the first weekend in November.

Texas over Southern Methodist: The Methodist line lacks experience.

Mississippi over Houston: The Ole Miss sophomores matured early.

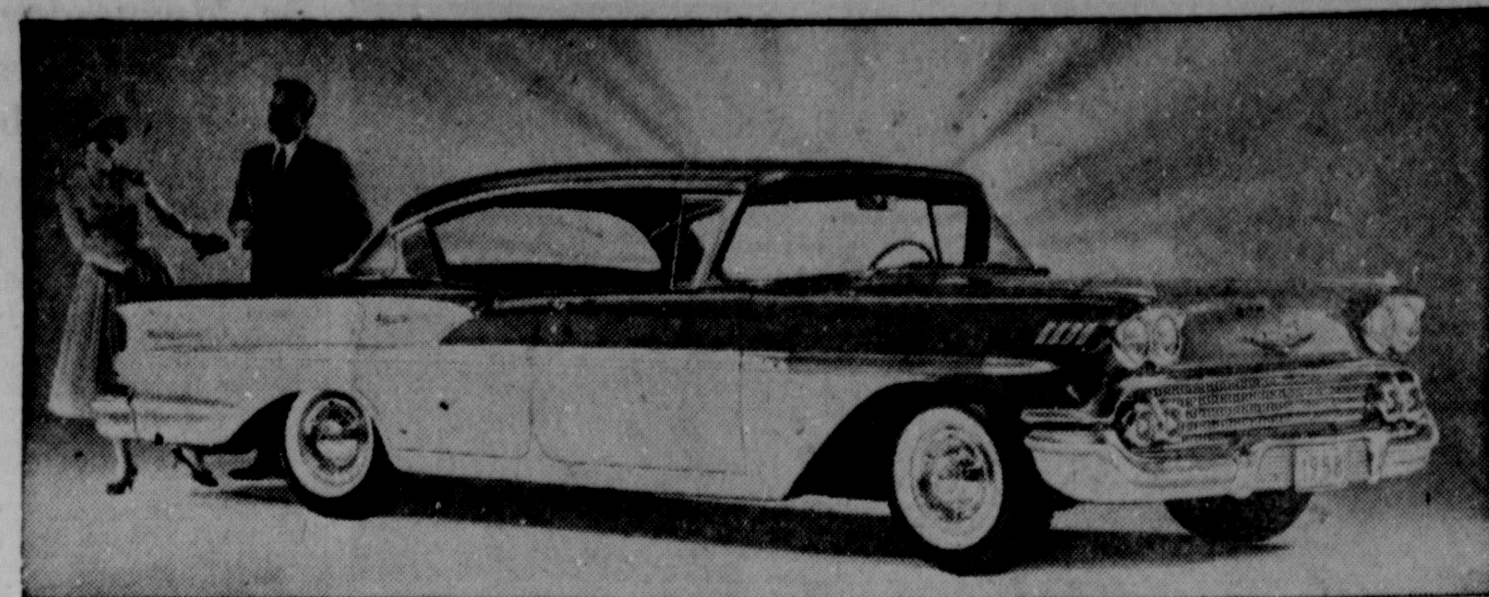

Oregon over Stanford: Now that the Oregonians know that a triumph means the Rose Bowl assignment they will be tough to handle even though they will be visiting Stanford. Spot for a possible upset.

Tennessee over North Carolina: Another spot for an upset.

Skipping over the others in a hurry:

FRIDAY
Boston University over George Washington, Miami over Villanova.

SATURDAY
EAST: Cornell over Columbia.

Chevrolet stylists have taken full advantage of nine inches in added length to mold low, fleet beauty into their 1958 models, as shown by this view of the Bel Air sport sedan. Strong eye appeal is found in the modish grille, the dual headlamps and

low, flat hood. Notable also is an unusual Sculpturamic styling which supplies an air of distinction. A new engine, new frame and two new suspension systems are only a few of the major chassis advances. Station Wagon, Bel Air, Biscayne and Delray Series are offered.

Ahead of Schedule

LEBANON, Ind. (AP)—First grade pupils at St. Joseph School brought home notes announcing they will have their pictures taken Thursday.

Instruction to the boys said: "Have clean face, hair well combed, shave if needed."

Pennsylvania over Harvard, West Virginia over Penn State, Pittsburgh over Syracuse, Princeton over Brown, Dartmouth over Yale, Rutgers over Delaware, Holy Cross over Quantico (Sunday).

SOUTH: Georgia over Alabama, Kentucky over Memphis State, Louisiana State over Vanderbilt.

Mississippi State over Tulane, South Carolina over Maryland, Virginia Tech over Richmond, Virginia Military over Virginia, the Citadel over William & Mary.

MIDWEST: Cincinnati over Detroit, College of Pacific over Marquette, Missouri over Colorado, Iowa State over Drake, Illinois over Purdue, Nebraska over Kansas, Oklahoma State over Texas Tech, Minnesota over Indiana, Wichita over Dayton.

SOUTHWEST: Arizona State (Tempe) over New Mexico A&M, Baylor over Texas Christian, Hardin-Simmons over Texas Western, Rice over Clemson, West Texas over Arizona.

FAR WEST: Idaho over Montana, New Mexico over Denver, Oregon State over Washington State, Washington over Southern California, UCLA over California, Utah State over Brigham Young, Utah over Colorado State University, Wyoming over Air Force Academy.

Falls to His Death

SAN JOSE, Calif. (AP)—Charles Muirhead, 45, started up an 80 foot light standard to replace a burned out bulb above the San Jose State College football stadium.

Sixty feet up he fell; crashed to death in the bleachers.

NIGHT AUCTION SALE

Crosby Has One Worry Over Marriage

By JAMES BACON
HOLLYWOOD (AP)—A happy Bing Crosby and his pretty bride settled down today to a workaday marriage—but there was one worry on the old groaner's mind.

He admitted in an exclusive interview that they had received congratulations from all his four sons except Gary, the eldest.

"I don't know why I haven't heard from him," Bing said. "He must be on a tour or something."

Gary, at 23, is a few months older than the new Mrs. Crosby, actress Kathy Grant. He is stationed in Germany with the U.S. Army, and spends much of his time entertaining troops at remote bases. Conceivably, like some of the natives of the Belgian Congo, he could be among the few who haven't heard about his father's marriage last Thursday in Las Vegas, Nev.

Bing was at CBS radio by 10 a.m. yesterday and by 1 p.m. had recorded 11 songs for his radio show.

"Even Elvis Presley can't knock out 11 songs in three hours," said one of the sound engineers.

During a luncheon break, the crew broke out a few bottles of champagne and toasted Bing and his bride.

She was across the street at the time for wardrobe tests in "Gunman's Walk," an upcoming Western in which she will costar with Van Heflin.

Bing revealed that the marriage was far from a hasty decision on his part, even though he had broken up with Kathy almost a year ago. He started dating her again about 10 days before the wedding.

"But never during all that time had I ever given up thinking about marrying her," he said. "I just didn't know how to make the move."

Kathy conceded the wedding was somewhat surprising to her.

"You might say I was in a small state of shock," she said, "but it was such a happy shock."

Crosby had these final words to say about his bride:

"She's a wonderful, wonderful girl. I couldn't be happier."

Barking of Dog Leads Searchers to Child

REDDING, Calif. (AP)—The barking of her little dog led searchers to Sarah Ann Dobbs, a 3-year-old deaf-mute lost overnight in a chilly, wooded canyon.

The child was found yesterday smuggled up to the puppy, dozing. She was clad only in a light T-shirt and panties. She apparently had stumbled into a creek and removed her wet jeans.

Several hundred men, with bloodhounds and assisted by the

Civil Air Patrol had searched the area.

It has been estimated that there are about 40,000 species of fishes in the world.

Warming Trend Seen Over Broad Areas of Nation

By THE ASSOCIATED PRESS
A general warming trend was reported in broad areas of the country today, ending a brief cool spell.

Considerable warming occurred in the Southeastern part of the nation from eastern Texas eastward through the Southern States

and as far north as the Ohio Valley and the Virginias.

Temperatures generally were mostly in the 50s compared to readings in the 30s yesterday morning. The 57 degree mark at Birmingham, Ala., was 22 degrees higher than 24 hours earlier. Another 22 degree rise was reported at Crossville, Tenn., where it was 50 above.

Rain fell as the warmer air moved into the Ohio and Lower Mississippi Valley, with light falls from Arkansas through Ohio.

Warmer weather also was reported in the Northern Plains and Northern Rockies.

Fairly mild autumn weather prevailed in most of the Northeast and Midwest and in Western sections of the country, except for a little cooling in the Great Basin area.

For Halloween

Teenagers Would Laugh At The Crazy Dreams of Adults

By HAL BOYLE
NEW YORK (AP)—Adolescence, they say, is a time of crazy dreams.

But if you put a window in the head of most middle-aged people and let a teen-ager peek at the dreams therein—well, the kid would bust his duodenum from laughing.

The hidden goals of the middle-aged American are as odd as those of any other juvenile delinquent a third his age. Here, for example, are a few hoarded ambitions one man would like to achieve who has crossed the 40th milestone:

To become a passenger on the s-e-c-o-n-d space ship that makes a successful round trip voyage to the moon.

To scratch his initials on the Taj Mahal when no one is looking.

To find a new pleasure as wildly enjoyable as roller skating.

To open a Chinese fortune cookie and find therein not a printed proverb but a large and lustrous black pearl.

To open an oyster and find the same thing.

To be able to eat a dish of red cabbage without burping for 16 hours afterward.

To be able to eat as much as you want, and still lose as much weight as you want.

To meet again the girl who jilted you in the 7th grade—and have her break into instant tears as she realized the horrible waste she had made of her life.

To work for a boss you can understand, but who finds in you depths of character he can never hope to plumb.

To have that kind of a wife, too.

To discover two kinds of instantly effective hangover cures.

To develop a new kind of toothpaste that will not only clean old teeth but also sprout new ones.

To be given a cat that has inherited money.

To enroll at Notre Dame and become the first Irishman over 45 to throw a winning touchdown pass in the last second of play.

To buy a crew-cut toupee, glue

it to your skull, and discover a week later that it is actually taking root.

To hear a good funny story about a nontalking horse.

To meet an interesting stranger at a cocktail party who didn't wind up trying to sell you stocks, bonds or life insurance.

To see Bali again, the Bay of Naples, the Ardennes in Belgium.

CALL 3802

Kasserin Gap, but with the same people you were with before.

To come upon a new vitamin that would make you feel as good in the morning now as you once felt in that morning prime when you didn't know what vitamins were.

To find a convenient free park-

ing space that would fit your car and no other car in the world.

To discover a tranquilizing pill that would work on all people, including Russians and Chinese.

To find again a good \$2 hotel room, a good pair of \$5 shoes, a good two-bit haircut—given by a silent barber—and a good \$45

sharkskin suit with two pairs of pants and a vest.

To know for sure the life ahead will hold as many pleasant memories as the years behind.

Those are one man's hodgepodge dreams. What are yours?

Whisky and Water
COLUMBUS, Miss. (AP)—When Willie Lash Jr. fell off the water wagon, it was rough on the fish bait house.

Lash ran a city water wagon into the fish bait house operated by Mrs. Iva Barrow, wrecking the bait house. Lash went to jail on a charge of driving while intoxicated.
